3 Episode 3: King, Part 1

Summary

Friends are found, prophecies are introduced.

Important words

half-conscious, ticked, fairy, incandescence, still...

Most Positive Sentences

"It was bright as day, there."

"They will tear your city down, she said carefully, The soldier and poet and king."

"Three hallways and a staircase melted into a grand foyer, which became the open-aired halls like you see in Harry Potter movies."

Most Negative Sentences

"And then we were outside, and Rhia started to run, so I sprinted after her in my boots and Midas-stained shirt and I was so focused on her, on not looking like a fool, that I didn't even realize the tree until we were at its' base, the canopy pulling us in."

"Rhia peered at the writings, carved along the base of the blade, close to the guard."

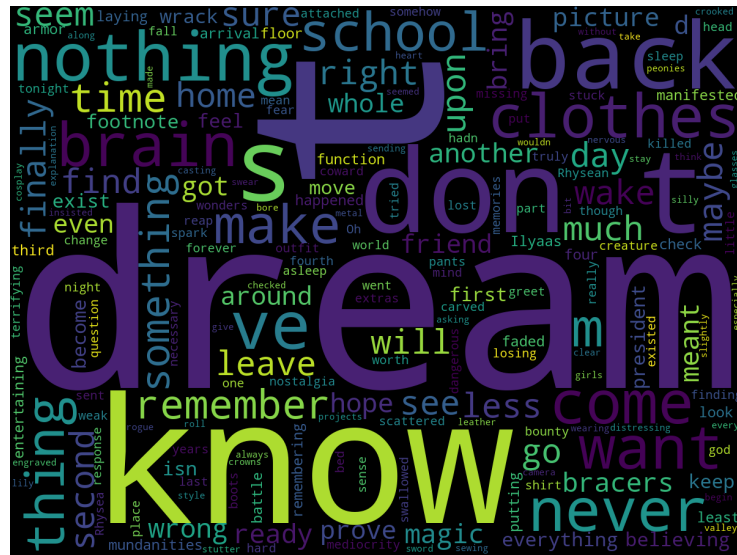

"The shirt -- thing -- was long-sleeved, the sleeves just slightly puffed Shakespeare-style, and off-white, a ribbon running through at an empire waist to pull in what was an otherwise loose shirt at the back."

Statistics

Important words

terrifying, entertaining, mediocrity, wrack, president

Most Positive Sentences

"The more I wrack my brain, the clearer it all becomes, and I know -- I know -- it can't be a dream."

"Your glasses can't stay on your nose, no matter how many times you push them up."

"Isn't that something your brain never wants to acknowledge?"

Most Negative Sentences

"Maybe I am crazy."

"And yet -- doubt comes in, in cases like this."

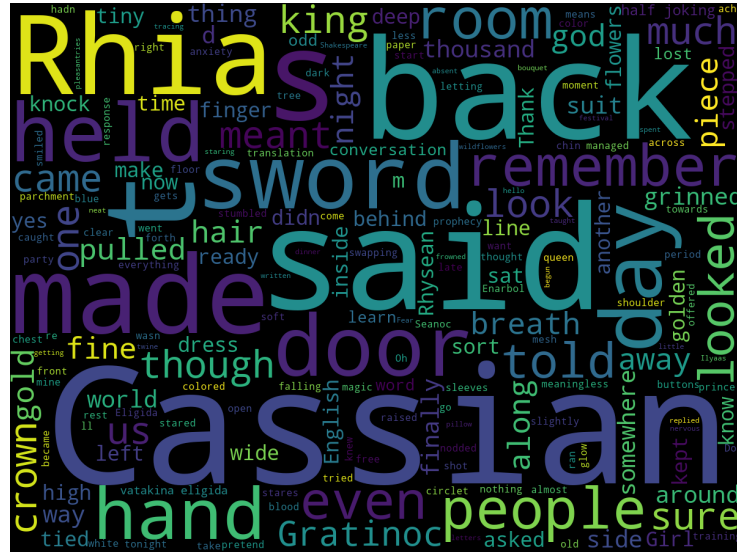

"So I don't, because the one thing less terrifying than a dangerous little hope is finding out that it meant nothing at all."

Statistics

Mean Polarity: 1.59%, Mean Subjectivity: 45.70%

Mean Word Length: 3.75

6 Episode 6: A Feast, A Festival, Part 2

Summary

Banquets are attended, introductions are made.

Important words

incredibly, impossibly, nicely, complicated, feverish

Most Positive Sentences

"The weather is nice."

The people laughed at my incomprehension and smiled like I was a pet or looked to me like I was a god, some old forgotten legend come back at the moment of chaos for a *deux ex machina* ending."

"For, god, it was gorgeous."

Most Negative Sentences

"And less meaningless, too, meant to confirm, meant to reassure: I am the Girl That Starts It."

"Do you like it?"

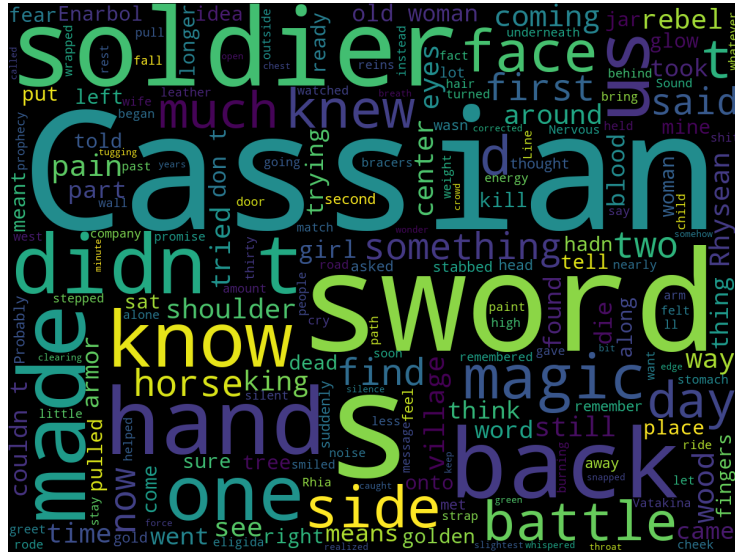

"The dress was a soft gold, elaborate beading falling along the bodice and down, down, until as we pulled it out it became clear it wasn't so much a dress as a jumpsuit, with wide legs mimicking a skirt -- but with added mobility -- and a wide deep-blue sash tied at the waist in a bow."

Statistics

Important words

superior, uncomfortably, distastefully, appropriate, exhausting

Most Positive Sentences

"They will be able to tell."

"Nothing more happened."

"I don't know how to describe the monotony of court in a way that would make it interesting rather than the soul-sucking pit of boredom that it was."

Most Negative Sentences

"And, god, I hated it -- for all she talked about expecting me to be better, expecting me to learn to become the Vatakina Eligida, of living up to the expectations she'd created -- she trapped me."

"I kneeled, because I was afraid of what would happen if I was meant to and didn't."

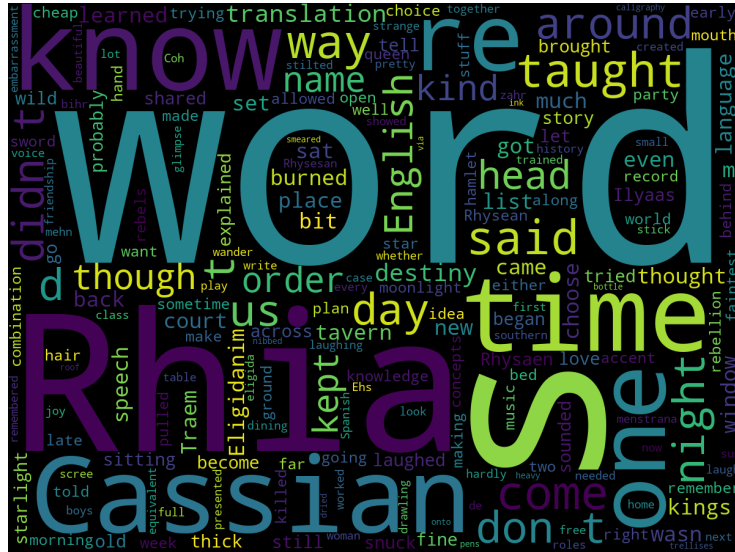

"I tried to make it sound like I missed it -- because, selfishly, as much as I complained about the training, as much as I hated how foolish I seemed, I was wanted, without a doubt."

Statistics
